

Anabond®

QUALITY POLICY

Anabond Limited will strive to develop, manufacture and market innovative products and services, to satisfy customer requirements, expectations and enhance their loyalty.

To achieve this, Anabond will

- 1. Maintain a transparent quality system covering all activities.**
- 2. Comply and satisfy customer specific and all applicable requirements.**
- 3. Continual efforts to improve process performances, product quality and to reduce product cost through monitoring of effectiveness and efficiency in all processes.**
- 4. Upgrade the quality and efficiency of employee's work through training.**
